

## Food Allergies At-Risk for Anaphylaxis: Important Information

### 1. Summary of Guidelines:

[www.dshs.texas.gov/sites/default/files/schoolhealth/pdf/FINAL%20Guidelines%20for%20Food%20Allergies%203.2023.pdf](http://www.dshs.texas.gov/sites/default/files/schoolhealth/pdf/FINAL%20Guidelines%20for%20Food%20Allergies%203.2023.pdf)

Third Future Schools is committed to the safety and well-being of all our students. As required by Texas Education Code § 38.0151, we have posted the summary of the Texas Education Agency's "Guidelines for the Care of Students with Food Allergies At-Risk for Anaphylaxis" on our website. This document provides essential information for managing food allergies in the school setting.

### 2. Access to Complete Guidelines:

[www.dshs.texas.gov/sites/default/files/schoolhealth/pdf/FINAL%20Guidelines%20for%20Food%20Allergies%203.2023.pdf](http://www.dshs.texas.gov/sites/default/files/schoolhealth/pdf/FINAL%20Guidelines%20for%20Food%20Allergies%203.2023.pdf)

For those seeking more detailed information, the complete Guidelines document is also available on our website.

### 3. Enrollment Forms:

All Third Future Schools enrollment forms requesting information about a child's food allergies include instructions on how to access both the summary and complete Guidelines documents. Parents and guardians are encouraged to review these materials and provide accurate, up-to-date information about their child's allergies.

### 4. School Policy:

Third Future Schools has developed and implemented a comprehensive food allergy management policy to protect students with diagnosed food allergies at-risk for anaphylaxis. Key components include:

- Identifying students with food allergies
- Developing individual care plans
- Reducing risk of exposure in the school environment
- Training staff on recognizing symptoms and emergency response
- Post-reaction review of policies and procedures

### 5. Individual Plans:

For students with severe food allergies, Third Future Schools works with families to develop individualized healthcare plans, emergency action plans, and/or 504 plans as appropriate.

We are dedicated to creating a safe environment for all students, including those with food allergies at risk for anaphylaxis. If you have any questions or concerns, please contact the school administration.
