## **Third Future Schools Announces New Principal to Lead Fehl-Price Elementary School**

**Beaumont, TX** – Third Future Schools, a leading turnaround expert and charter school network, is thrilled to announce the appointment of Frances Bushnell as the Fehl-Price Elementary School principal for the 2023-24 academic year. Bushnell brings a wealth of experience in education leadership and a passion for fostering academic excellence. Prior to joining Third Future Schools, she was the Campus Director/Principal at Bob Hope School in Beaumont, TX.

Bushnell joins Fehl-Price Elementary with an impressive background in educational leadership. She holds Masters of Science: Childhood Studies-Admin, Management, and Leadership from Walden University and has dedicated her career to improving student outcomes. In 2022, Bushnell grew the Bob Hope School TEA accountability rating from an F rating to a C rating in one academic year.

She has held various leadership positions including principal, associate principal, and lead campus administrator/principal. She spearheaded the STEM initiative that resulted in receiving \$27,000 to develop the STEM program at her school.

“I am honored to have the opportunity to lead a school with such rich traditions and community involvement,” said Bushnell. “I have been a dedicated educator for twelve years, and have worked with scholars from early childhood through college-leveled adult learners. I am eager to serve alongside our dedicated faculty, staff, parents, and students to provide an exceptional education that prepares our students for a successful future.”

Third Future Schools is confident that Bushnell's appointment will lead to even greater achievements and enhance the overall student outcomes for all Fehl-Price students. The school community eagerly anticipates the positive impact she will make on the academic, extracurricular, and personal development aspects of Fehl-Price's students.
